Linkedin: <https://www.linkedin.com/in/ihsan-ullah-0579a4427>
GitHub: <https://github.com/pak32641-del>
Nationality: Pakistani | **D.O.B:** 04-03-2005 | **Marital Status:** Single

OBJECTIVE

Front-End Web Developer and BS Computer Science graduate with a strong foundation in HTML, CSS, JavaScript, MySQL, and responsive web design. Passionate about building user-friendly web applications and continuously improving technical skills. Seeking a Software Development Internship where I can contribute, learn from industry professionals, and grow as a developer.

PROJECT

Online Medicine Distribution Management System

- Developing a complete web-based application focused on managing the distribution of medicine online.
- Implemented user authentication, product management, order management, and inventory features.
- Used HTML, CSS, JavaScript, PHP, and MySQL.
- Designing user-friendly and responsive interfaces.

This project improves the accuracy, reduce manual work, save time and ensure better coordination between distributor and medical stores.

Personal Portfolio Website

- Designed and developed a modern, responsive personal portfolio website to showcase my education, technical skills, certifications, and projects.
- Built the website using HTML, CSS, and JavaScript, with a clean and user-friendly interface.
- Optimized the website for responsiveness and consistent performance across all devices.
